

M.Y. BLUE SHADOW

Malta, the 25th July 2019

To Simon Zammit, PalumboSY Malta Team,

M/Y Blue Shadow is 1293 GRT; Official n° 749442; IMO: 1005136; Signal Letters: ZGIY5 – Cayman Island – George Town 113 IN 2019.

We recognise and honour their commitment toward providing estimates and works unmatched the services in the field of the 5 years Super Survey by the class Lloyd's Register about the boat 25 years old, maintenance, repairs and works in 1 months and half.

Whilst doing business with PalumboSY Shipyard, you will be assured of excellent service and quality work handled only by personnel with World-Class know-how.

It is with pleasure and gratitude that we share comments on our experience with Malta PalumboSY Shipyard in work that they have been done.

Their commitment toward developing and motivating their Engineering and Technical Business Resources is what distinguishes them from the rest. The experience at each phase of the survey was superior, such as innovative efforts in developing prospects, effective showing and proactive participation during the five years survey partnered with Lloyds Classification and Flag Cayman Island register.

All of the duties before the departure of the M.Y. Blue Shadow were accomplished with a noticeable degree of competence, humility, integrity and grace and discretions.

I just wish to say that I am greatly appreciative of the successful completion of the required works within the required time frame. It has been an absolute pleasure working with you and I hope all technical managements and Captains will bring more vessels here to Malta PalumboSY Shipyard in the future.

I and we have enjoyed working here with you immensely.

Many thanks to all of you and I wish you all the very best for the future of Mr. Simon and PalumboSY Shipyard.

M.Y. Blue Shadow – Maritimes Support Ltd.
